

COMMON INTEREST DISCLOSURE STATEMENT

Your physician may choose to refer you to a number of different hospitals or other specialty medical facility for medical procedures or services. He or she will select the particular facility because of his or her medical confidence in the ability of that facility to provide quality medical services of the type you specifically require. You should be aware, however, that your physician may have a financial interest in the medical facility to which you are referred. A "financial interest" means a physician has an ownership or investment interest through equity, debt, or other means in the facility.

You are free to choose any medical facility for your required medical procedure or services, without penalty, subject to any limitations of your physicians as he or she may not have medical privileges at the facility of your choosing. Feel free to ask your physician if they have any financial interest in the facility to which you are being referred. Please let us know immediately if you do NOT wish to be referred to a particular facility.
