Lane E. Williams, M.D., F.A.C.O.G.

Jessica Reese, WHNP-BC
Tayler Johnston, DNP, CNM, WHNP-BC

Today, we celebrate 25 years with you, our amazing community.

On Jackson Regional Women's Centers 25th year anniversary, we would like to send out a multipurpose letter to all of our Jackson Regional Women's Center families...

To you, from your Jackson Regional Women's Center family WE THANK YOU!

In this time of angst and worry...when every decision weighs heavy on shoulders...and uncertainty hangs in the air...We say this with great certainty. THANK YOU!

To our families who have provided the strength and support that have allowed us to do what we love for so many years...To our spouses, our children, our patients and siblings that have lifted us up and believed so deeply in us...WE THANK YOU!

To our clinic staff who have joined our practice and made it family...who have helped us provide the highest quality care to our patients...who have gone above and beyond...WE THANK YOU!

To our patients who have made the choice to come to Jackson Regional Women's Center throughout these many years...who have joined a small new clinic and helped it grow...who helped us grow by sending their sisters, their mothers, their daughters, and their friends...who had faith in our practice and in our purpose...WE THANK YOU!

WE THANK YOU FOR 25 YEARS!

We thank you for helping us grow from a small one doctor clinic with one nurse at a small fledging hospital program to a major contributor of the Obstetric and Gynecologic care in West Tennessee. You have seen us through all the stages and through the ups and downs of life. You have allowed us the honor of being part of the growth and health of your families and you have supported us in the growth and health of ours. For this and countless other reasons, WE THANK YOU!

On the anniversary of this our 25th year, along with thanks, we bring exciting news.

Today it is with great pleasure and pride that we announce the upcoming merger of Jackson Regional Women's Center with Woman's Clinic. This alliance will join the forces of two well-respected clinics and provide the amazing opportunity to continue to grow and enhance the health and lives of our clinic family and West Tennessee.

We at Jackson Regional Women's Center stand firmly in the belief that the most important requirement of our medical clinic is to ensure the best physicians and staff possible so that we may provide the

highest quality of care to our patients. It is our responsibility and privilege to continue to pursue this mission.

This new united "Woman's Clinic" will allow us to combine expertise, expanding our resources, clinic locations, and services while improving our ability to focus on you, our valued patients. This alliance represents a very important move to secure the well-being of West Tennessee Women for years to come. We will, as combined practices, continue to support and grow with you as we have over the years.

Our patients will continue to see their doctors with whom they have established life-long relationships at our current office.

Jackson Regional Women's Center and Woman's Clinic have mirror missions and practice models, grounded firmly in providing the highest quality care and support to our patients. We will make this transition as seamless as possible for you. We will continue to treat our clinic families as we always have. Our doctors will provide our patients their care, perform their surgery. And help them grow their families as they always have. Our patients will also have the advantage of the combined services and resources that both clinics have developed over these wonderful years.

We look forward to providing you more details of this exciting plan and allowing you the chance to address any questions you have.

To our Jackson Regional Women's Center community, for all the years you have supported us, and for your ongoing support now...WE THANK YOU!

Your Jackson Regional Women's Center.
